

Clover Go

All Systems Go.

Business doesn't sit still.

Whether you're running your store, making a delivery or selling in the field, you need a secure, safe way to accept credit cards, EMV® chip and contactless payments from customers.

Introducing our newest Clover Go Card Reader

An all-in-one contactless, chip and swipe card reader for businesses on the go

A tiny device packed with power and possibility. Clover Go pairs with your Bluetooth® mobile device. Just download the app, connect the reader and start accepting payments wherever your business takes you. It's that simple.

Get Going with Clover Go

Tap. Swipe. Dip. Faster.

Let customers pay however they want – with a transaction time of under 3 seconds. Accepts credit, EMV chip, or with their mobile device using Apple Pay®, Samsung Pay™ or Android Pay™.

Always connected.

Integrates with any other Clover device you may use, so you can open an order from another Clover POS and close it out on your Clover Go.

Your business on the go.

With real-time tracking of sales activity, and intuitive reporting of business insights, you always have 360° visibility - from anywhere, 24/7.
